

# SCHMITZ EXTORTION CASE THROWN OUT.

## Supreme Court Sustains Appellate Court That No Crime Is Alleged.

Indictments Fatally Defective in That Elementary Principle of Criminal Law Is Ignored—Tribunal, in Unanimous Decision, Excoriates Heney for "Gross Misstatement of Case and Question to Be Decided."

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, March 9.—[Exclusive Dispatch.] In rendering today its expected opinion sustaining the decision of the District Court of Appeal in the Schmitz extortion case, the Supreme Court of California scathingly rebukes Special Prosecutor Heney and Dist. Atty. Langdon of San Francisco for the language used by them in drawing up their application for a rehearing in the famous case.

"The attorneys for the respondent base their application for a rehearing in this court," says the Supreme Court, "solely upon the alleged errors of the District Court in refusing to dismiss the appeal and in holding the indictment to be insufficient, and expressly limit such application to these two points. They introduce their application with the statement that they are convinced that upon a full discussion of the case, it will be found and decided by this court that levying blackmail upon licensed business by the Mayor and political boss of a metropolitan community is a crime under the law of California, and should not go unwhipped of justice."

REBUKE FOR PROSECUTORS. "This is a gross misstatement of the case and of the question to be decided, as presented by the indictment. We again emphasize the fact that the indictment does not aver that Schmitz was Mayor or that Ruff was a political boss, or that either had any power or influence or control over the Police Commissioners, or that they threatened to use any such power, influence or control in preventing the issuance of a license."

Among lawyers, this exhortation of the bribery-graft prosecutors is regarded as the most severe which has been made by the Supreme Court of any public prosecutors in the history of the State. "Gross misstatement of the case and of the question to be decided" is regarded as indicating that the Supreme Court's full ire was aroused by the remarkable document filed by Heney, and that the highest tribunal in the State felt it high time to rebuke such arrogant and insolent language respecting the decision of the Court of Appeal.

NOT A DISSENTING VOTE.

The role of the Supreme Court denying Heney's application for a rehearing in the Schmitz extortion case and sustaining the District Court of Appeal was unanimous, all seven Justices voting that the indictments of which Schmitz and Ruff were held for arrest were fatally defective.

When the opinion appeared directly only to the Schmitz case in which he was convicted of extortion, it covers all the indictments for extortion against both Schmitz and Ruff, and the latter's plea of guilty, under his immunity contract with Heney, becomes null and void. Schmitz will now be permitted to go free on bail, after eight months of imprisonment.

NO CRIME IS ALLEGED. "The decision demonstrated the highest court in the State believes what I have always claimed—that I was removed from office and re-elected to prison."

After dealing exhaustively with the law, and numerous citations of authorities, the Supreme Court says: "In this case the indictment charges that the defendant threatened the restaurant-keepers that, if money was not paid him, he would prevent them from obtaining or receiving a retail liquor license and thereby destroy or render unprofitable their restaurant business, of which the sale of liquor at retail formed the remunerative part. It is not stated how the defendant proposed to do this, or how it was understood by the parties that he would accomplish it, whether by fair persuasion and lawful influence over the Police Commissioners, or by duress, menace, fraud or undue influence exercised upon them."

"This is not a case where it is sufficient to charge an offense in the language of the statute defining it. The court cannot assume, in the absence of an averment to that effect, that Schmitz was Mayor of the city, and, as such, in a position to exercise power and undue influence over the members of the Police Commission, or that Ruff, his co-defendant, was a person in practical control of the city government because of his political activity and influence over the board, nor can it be inferred or presumed, when it is not so charged, that the defendant threatened to prevent the issuance of the license by unlawful means and not solely by lawful and innocent persuasion and argument."

ELEMENTARY PRINCIPLE OVERLOOKED.

"It is an elementary principle of criminal law that the indictment must show that a crime has been committed. In no case can the indictment be aided by imagination and presumption. The presumptions are all in favor of innocence, and, if the facts stated may or may not constitute a crime, the presumption is that no crime is charged."

Campbell, Metson & Drye, counsel for Schmitz, announced tonight that immediate steps would be taken tomorrow for the former Mayor's release, and expressed gratification over the decision, declaring it showed the highest court in the State sustained the law in spite of public clamor and the denunciation and attacks of the press that followed the decision of the Appellate Court.

JAIL DOORS MAY OPEN FOR MASTER GRAFTERS.

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, March 9.—[Exclusive Dispatch.] The decision of the State Supreme Court today affirming the decision of Appellate Court in case of former Mayor Schmitz will probably open the jail doors for the master grafters. At any rate Schmitz's lawyers tomorrow will make application for bail and they declare they have assurances from wealthy friends of former Mayor that they will furnish any amount required. Today's decision releases Schmitz on the French restaurant extortion charges, but there are 119 other indictments on which he can be tried if the graft prosecution sees fit to proceed against him.

Today's decision was not unexpected by lawyers, as it is simply an affirmation of the technical legal view of the case. The decision was unanimous showing that all lawyers on the Supreme bench took the same legal view of the matter.

Application today for a rehearing of the case was made by State Atty.

STUBBORN. ALFONSO OFF FOR BARCELONA.

SPANISH MONARCH INSISTS ON MAKING VISIT.

Efforts of Ministry to Dissuade King Prove Unavailing—King Believes Evidence of His Determination and Courage Will Have Good Effect.

(BY THE ASSOCIATED PRESS.—P.M.) MADRID, March 9.—King Alfonso left for Barcelona shortly after 4 o'clock this evening. He will spend two days there before he departs for Barcelona at 5:30 on Wednesday afternoon, instead of on Thursday morning.

Some of the Spanish ministry were opposed to his going, while others were of the opinion that the danger of the visit had been greatly exaggerated. The King himself was not to be dissuaded, expressing the belief that this evidence of his determination and courage would be appreciated by his subjects and that the visit to Barcelona would be of great political advantage.

Queen Victoria remained in Madrid. Señor Mañá, the Premier, and Capt. Fernandez Nino, the Minister of Marine, accompanied the King on the train.

UNUSUAL PRECAUTIONS. (BY THE ASSOCIATED PRESS.—P.M.) BARCELONA, March 9.—Gen. Linares, the captain-general of Catalonia is confident that the visit of King Alfonso to Barcelona will pass off safely. His Majesty is expected to arrive tomorrow morning. Gen. Linares declares the population of this city is anxious to show its loyalty to the King, whose courage in coming after the repeated bomb outrages here is greatly admired.

Nevertheless, the captain-general is making no precautions to safeguard his Majesty. The official programme of the visit has not been allowed to be printed and the houses along the streets through which the King is to pass have been thoroughly searched. But in view of the fact that for twenty years past Barcelona has been a stronghold of republicanism and the center of violent Carlist agitation brought about by the withdrawal of the ancient privileges of Catalonia at the time the government was centralized at Madrid after the French model, an enthusiastic reception is not expected.

The peril to the King does not come from the republicans whose organization yesterday formally declared against a hostile manifestation, but from the anarchist wing of the Carlists, who are conducting a campaign of bomb operations as reprisals for the alleged ill treatment of their comrades who are confined in the Mont Juich Prison.

Gen. Linares has declined an offer made by Royalists, to furnish a body-guard for the King.

ENGAGEMENT BROKEN. Niece of President Roosevelt Will Not Marry Grandson of Late Charles A. Dana.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, March 9.—[Exclusive Dispatch.] Official announcement was made today that the engagement between Miss Corinne Douglas Robinson and Dr. George H. Draper had been broken. The reason given for the action is that "each has found himself or herself not suited to the other."

Miss Robinson is a niece of President Roosevelt. Draper is a son of the late Dr. William H. Draper and a grandson of the late Charles A. Dana.

## Mother-in-Law Doing Dictating.

### Mrs. William Thaw Has Made of Reports in Form of Affidavits.

#### Offers Her Son's Wife Only Twenty-five Thousand to Quit Family.

##### Girl Nearly Strangled by Husband When He Learned of Her Doings.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, March 9.—[Exclusive Dispatch.] The terrible gloom Evelyn Thaw's life is beginning to dim. The Thaws, her husband's parents, hold what they deem the controlling hand, and she sees no half-backed hope of escape—to accept \$25,000 and offer no defense to proceedings for divorce based against her.

From a source which cannot be questioned, it is learned that this remarkable young woman is driven to a wall, where she may no longer elude terms, but must plead for a few days and dollars. Mrs. William Thaw is doing the dictating.

Within the last few weeks there have been turned over to Harry A. Thaw, mother a mass of reports—reports, it is declared, of the sort that make odious divorce courts; reports showing that Evelyn Thaw went into the life she described with such death force on the witness stand.

The papers are all drawn, and Mrs. William Thaw holds them over a head of her daughter-in-law, who is waiting for her to come to her senses and to plead for a few days and dollars.

ATTACHED BY HUSBAND. The last time she visited her husband in Mattewan, he was in a bad way. It is declared, with the girl's mother from his home, and she is now in a bad way. It is declared, with the girl's mother from his home, and she is now in a bad way.

A few months ago Evelyn Thaw was claimed, demanded from her mother-in-law \$25,000 in cash and a guaranteed life income of \$10,000 a year. It was pointed out to the girl that her lawyer that there was more than one case against her. The girl will be no compromise now, according to those in the secrets of the mother.

Thaw. The young woman must take \$25,000 or nothing, and she must make up her mind to take that or not a dollar, with an action for divorce begun in the Supreme Court.

Her counsel, Daniel O'Reilly, is present at the last interview Evelyn Thaw had with her husband at Mattewan. He has not been to the place since. He went there on that occasion in the hope of effecting some sort of reconciliation with the judicially declared mad woman.

Thaw, listened with twisting face and roving eyes to the lawyer, watched his wife, who sat with downcast head, and then as the conviction of the truth of the story of her misdoings came over him, the madman leaped at her again, and he sprang upon his wife and gripped her throat.

SAVED BY O'REILLY. Daniel O'Reilly is a big man, but required all his strength and the added strength of a keeper to pry Harry Thaw's fingers from his wife's throat. Evelyn was carried into a room, where she gave way to hysterics. At the time her excitement was due to the shock of seeing Harry surrounded by gibbering madmen. Later, however, when she visited by the physician, she related just what happened and confessed that, if Harry ever was set free, he would seek her out to kill her.

On April 1 the young woman will be driven from the handsome home of Park Avenue, her husband's estate. At last it was necessary to show her these alleged facts in affidavit form. Such shape as would be attached to divorce papers. It was after this that she is said to have choked his wife and shrieked that he would kill her.

That Mrs. Thaw will go back to the stage is now practically assured, she has been offered. It is said, the salary of a prima donna to appear in vaudeville or take a spot-light part in comedy.

and a sketch of the man, now in the insane asylum listening to his wife's story of her relations with Stanford White as told in court at his last trial. It was this story which aroused widespread sympathy for both the prisoner and the witness. Now it is averred by the wife's mother-in-law that she has returned to the life she led before Thaw married her and that evidence against her which would give Harry Thaw an absolute divorce has been secured. Mrs. Evelyn Thaw is offered \$25,000 to allow a divorce suit to go by default.

## GRAFT CASE DECISION.

(Continued From First Page.)

because of revelations that they gave  
completeness to Ruff in order  
to secure his evidence. It is believed  
there was no reason for doing this, as  
they could have convicted all the  
holders without it. The reason they  
gave this immunity agreement, it is  
now generally agreed, was to secure  
the conviction of President Calhoun of  
the United Railroads on the charge of  
bribing Supervisors, through Ruff, to  
grant a trolley franchise. Every one  
now knows this, and Henry is blamed  
for personal malice in the matter.

### RUFF'S COUNSEL CALLS HENRY A LIAR.

(BY THE ASSOCIATED PRESS.—A.M.)  
SAN FRANCISCO, March 9.—The  
hostility and bitter feelings between  
the prosecution and the defense in the  
case of Abraham Ruff, who has kept  
up a running fire of affidavits for the  
past month, in which no reply has so  
far been made by the prosecution, broke  
out in court this morning, when the  
he was named between Frank J.  
Murphy, of counsel for the defense, and  
Henry.

The trouble arose out of Murphy's  
attempt to extricate himself from the  
predicament in which he had placed  
himself and Ruff by objecting to the  
continuing of the United Railroad  
trolley cases until March 14, which  
was immediately taken up by Henry.

"All right," then we will go to trial  
immediately," said the Assistant Dis-  
trict Attorney.

"We are ready, call the jury," re-  
plied Murphy.

"Your honor, we ask that the de-  
fendant, Ruff, be immediately placed  
on trial on the indictment charging  
him with bribery of former Supervisor  
Daniel G. Coleman," said Henry, ad-  
dressing the court.

Judge Lawlor immediately set the  
case for Wednesday morning at 10  
o'clock. Seeing that the Assistant  
District Attorney was in earnest, Mur-  
phy then endeavored to extricate him-  
self, and explained that he did not  
really mean that he was ready to pro-  
ceed with the actual trial; that he evi-  
dently had been misunderstood, and  
asked the court if it would not first  
dispose of the showing on the motion  
for a vacation of the arraignment, to  
which the prosecution had taken a  
month to answer, and had not yet filed  
its counter-affidavits.

Henry arose and said:  
"It is apparent that counsel is just  
gliding with the court, and is endeavor-  
ing to deceive your honor. He said:  
"We are ready; call the jury."  
"We are not as adept in deceiving  
the public and the court as Mr. Henry,  
when he stood before a jury and lied  
about the immunity," retorted Murphy,  
hotly.

This brought Henry to his feet in  
an instant, his face flushed with an-  
ger.

"I ask that counsel be punished for  
contempt for calling me a liar, and  
demand that the court order him to  
retract," said Henry, his voice vibrat-  
ing with intensity.

Judge Lawlor himself was disturbed  
by the threatened clash between the  
two belligerent lawyers, and quickly  
replied to Murphy's demand.

"These remarks of yours, which tend  
to disturb order here, must be stopped,  
Mr. Murphy. The court orders you to  
make a retraction at once."

"I retract, so far as the court is  
concerned," answered Ruff's attorney,  
but I demand that Mr. Henry be  
made to retract that I am juggling  
with the court."

Judge Lawlor paid no attention to  
this request, and refused to change  
his order, setting the trial of Ruff or  
another indictment for Wednesday  
morning.

Henry informed the court he would  
be prepared to file all affidavits in the  
prosecution's counter-showing by to-  
morrow morning.

### GRAFT AFFIDAVITS.

(BY THE ASSOCIATED PRESS.—A.M.)  
SAN FRANCISCO, March 9.—The  
matter of the filing of an affidavit by  
Chief of Police Biggy, relative to his  
knowledge of the granting of an immu-  
nity contract to Abraham Ruff came  
before Judge Beck today, in Judge  
Hebbard's department of the Superior  
Court. No action was taken, the judge  
granting Biggy until Friday to show  
why such affidavit should not be  
filed.

Referring to Judge Dunne, who also  
has been asked to make an affidavit,  
Judge Beck said in this hearing he con-  
sidered Dunne simply as an individual  
and he would not make a ruling until  
the Biggy matter was disposed of.

### SENT TO AN ASYLUM.

Worry Over Troubles of His Daughters  
Causes Father of Katherine Clem-  
mons Gould to Go Insane.

(BY DIRECT WIRE TO THE TIMES.)  
JACKSONVILLE (Ill.) March 9.—  
[Exclusive Dispatch.] Samuel Perry  
Clemmons, father of Katherine Clem-  
mons Gould, who became the wife of a Chinaman  
in San Francisco, has been brought to  
the asylum for the insane here, suffer-  
ing from senile dementia.

Clemmons is 70 years old. His wife  
has been dead ten years. He is almost  
totally blind, and three years ago suf-  
fered a hard stroke of paralysis, since  
which time he has been in precarious  
health.

The troubles of his daughters worried  
him deeply. The marriage of Ella  
to a yellow man, whom she met while  
working in a laundry or spinning  
work, weighed on him heavily.

Violent Katherine, the wife of Gould,  
and the San Francisco daughter, are  
said to have practically deserted their  
aged father, rarely communicating with  
him. This neglect hurt the old man  
more than all of his physical ailments.

## SAYS PANAMA CANAL IS IMPRACTICABLE.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, March 9.—[Exclusive  
Dispatch.] In a public statement  
issued at New Haven, Ct., today,  
John F. Stevens, vice-president of the  
New York, New Haven and Hartford  
Railroad, and formerly chief engineer  
of the Panama Canal, severely criti-  
cizes the expedience of the Isthmian  
enterprise, prophesies its failure, and  
states that, as a defensive medium in  
time of war, it is impracticable, and  
that it would be a far wiser policy of  
the part of the government to put the  
millions it will cost into the construc-  
tion of a greater navy.

### ACCUSED OF DERELICTION.

SUCH IS CHARGE AGAINST DI-  
RECTOR OF CENSUS.  
President of American Newspaper  
Publishers' Association Writes the  
President Alleging Official Failed to  
Use Due Diligence in Seeking In-  
formation.

(BY THE ASSOCIATED PRESS.—P.M.)  
NEW YORK, March 9.—Charges of  
official dereliction are made against S.  
D. North, Director of the Census,  
in a letter which has been sent to  
President Roosevelt by Herman Rid-  
der, president of the American News-  
paper Publishers' Association.

Mr. Ridder charges that, in a letter  
written to Representative Dabell on  
the subject of news print paper for  
a period of fifteen years, Director  
North gave a series of "false and mis-  
leading figures." He charges the Di-  
rector failed to exercise diligence in  
seeking for information, and that he  
used worthless and secondary sources  
of information.

"That letter has been used on the  
floor of Congress as an 'official publi-  
cation,'" says Mr. Ridder in his com-  
munication to the President, "and it  
was declared by Chairman Payne of  
the Ways and Means Committee to be  
as accurate as can be."

"I charge that the Director of the  
Census has issued in that letter a series  
of false and misleading figures, and  
that, whether intentional or not, he  
has served the purpose of a group of  
combinations which are aiming to add  
\$50,000,000 per annum to the burdens of  
printers and publishers."

He points out that in Director  
North's letter there is a lapse of three  
years for the period from January 1,  
1897, to January 1, 1900, when paper  
dropped to \$32 a ton, or \$18 less than  
the present asking price. Mr. Ridder  
says that in those three years thirty  
mills were merged into the Interna-  
tional Paper Company.

The letter says also: "That the low-  
est price appearing anywhere in that  
extraordinary compilation of the Di-  
rector of the Census is \$8 per ton in  
excess of the lowest price, at which  
paper has been sold in New York,"  
and that "no books of any large paper  
manufacturer will show such prices as  
are credited by Director North."

prove the falsity of the charges made."  
With reference to the charges which  
related to Mr. Jerome's campaign fund,  
which was in charge of Howard H.  
Gans, who was one of his assistants,  
Mr. Jerome stated "that save and ex-  
cept in a few instances" he was not in-  
formed and did not know from whom  
the contributions to the expense of his  
campaign were made. The answer  
sets forth also that the largest con-  
tributor to the fund so far as Mr. Jer-  
ome knows was Samuel Untermyer,  
who has been for a long time a per-  
sonal friend of the District Attorney.  
Mr. Untermyer's contribution was  
\$5000.

The charges against Mr. Jerome al-  
leged that this contribution was im-  
proper on the ground that Mr. Unter-  
myer was an attorney for James H.  
Hyde, formerly vice-president of the  
Equitable Life Assurance Society. To  
this the reply is made that Mr. Unter-  
myer at that time did not represent  
Hyde in criminal matters, and that  
neither before nor since that time has  
any evidence been produced to indicate  
that Mr. Hyde had been guilty of any  
criminal act.

Denial is made also that any favors  
have ever been asked or received of the  
District Attorney from any corpora-  
tion.

With reference to the charge against  
the District Attorney to the effect that  
he had failed to bring prosecution for  
any alleged criminal conspiracy for the  
falsification of illegal, worthless and  
fictitious securities of the United States  
Shipbuilding Company in 1902, Mr. Jer-  
ome replies that it was impossible for  
him to enter prosecutions because he  
could not secure the necessary evi-  
dence.

promise of making mines, and there is no doubt of the presence of gold in paying quantities. While in camp, Boyle secured an option on a well-known property one and a half miles from the town of Jumbo. The property is now being thoroughly examined by his engineer and no further particulars will be obtained until the report has been received and found satisfactory.

Boyle stayed over a few days in Goldfield and examined the Jumbo Lodge, in which he is heavily interested. He says that the camp is slowly but surely resuming normal conditions and believes that the dominance of the Western Federation of Miners has been completely broken. At the Jumbo Lodge fifteen men are working in Atlanta ground while the same number are employed in driving into Jumbo ground for the adjoining lease. It will be remembered that these two leases combined forces and are both working through the main shaft of the Jumbo Lodge. The property has been thoroughly equipped with machinery and buildings and work is being pushed as fast as possible. The showing of quartz has recently been struck at the 250-foot level on Jumbo Lodge ground but the pay-shoot for which the cross-cut is now being driven has not yet been reached.

**Johnnie Will Busy.**

U. M. Thomas, director of the Johnnie Consolidated Mining Company, returned on Friday from Johnnie, where he has spent the last few days. He says that the new mill is running smoothly, but that no information has yet leaked out with regard to the value of the feed upon which it has been running. It is generally supposed, though, that it has been taken from the waste material in the old stope and it is not believed to be running very high. So far as the machinery is concerned, there is little question that it is running smoothly and that the primary trouble with the gas generators has been entirely overcome. The mill has not yet been turned over to the company and is still run under Doubleday's contract with the concern. No meeting of the directors has been held since last November and Thomas is in entire ignorance of the financial affairs of the company. Employees at the mine are close-mouthed and no information leaks out at that end.

While in Johnnie, Thomas let a contract for 100 feet of tunnel upon the Bullfrog-Johnnie, in which he is heavily interested, and says that pay for the work will be taken in stock at the rate of ten cents per share. He has also let two leases upon the ground at the Crown-Point-Johnnie, controlled by Doubleday and his friends, and upon which sensational news was found some time ago, arrangements are now being made to start work.

From another source it is learned that Doubleday has returned from the fact that there is every probability of the rumored deal for a large block of stock being put through. Upon these statements the stock moved up to 12 cents on Saturday.

**Stimulus Ships.**

Forest Swears, the well-known Nevada mining man, is in receipt of a letter from his partner, Burton, who is now in Stimler, in which the information is given that the initial shipment of high-grade ore from the new camp was sent forward to the smelter yesterday. Another shipment will go forward tomorrow and the news has caused much excitement which has attracted many newcomers to the district. The district is situated in Esmeralda county, eight miles south of Silver Peak and thirty miles west of Goldfield. Forty years ago the district produced many millions in silver and gold, but the fall in the price of the white metal caused a cessation of operations. It is now believed that the camp is entering upon an era which will eclipse the glory of days long past.

**Movements of Mining Men.**

Col. John M. Burke, after whom is named the town of Burke, in the Coeur d'Alene district, and who is known in every mining camp in the West, is now at Gold Circle, near Golconda, Nev., where he is said to be interested in mining property with Gen. Charles S. Warren, another picturesque character of Montana.

J. L. Pierce, a well-known northern mining man, is in the city on his way to a new discovery in the State of Sonora, Mexico. He left Dawson a month ago and has since been in Salt Lake City. He was one of the pioneers of the Silver district, in British Columbia and has since been connected with mining companies operating at Nome, the Coeur d'Alene district and other western camps.

Leslie Scott, secretary of the Clark Copper Company, accompanied by H. L. Perry, left on Saturday for Jalisco, Mexico, where he will examine a property for his company. The mine is said to be in the vicinity of the La Magdalena and Los Moros mines, now being operated by the Clark syndicate, and preliminary reports indicate that the company has secured a valuable option.

**LET "DOWN EASY."**

Supervisors Can Collect for Miles Traveled, but Must Pay Their Own Expenses.

Tears mingled with the joyous smiles of the Supervisors when the opinion of Chief Deputy District Attorney Shaw was read to the board yesterday and the right to charge 10 cents a mile when riding in the county's automobile was upheld, for in the same legal breath Shaw explained that the Supervisors have no right to charge for the operation of the machine.

Naturally this was a one-sided victory and Supervisor Alexander says it is only one way of letting the members of the board "down easy." Supervisor Alexander first protested against the charge for mileage by his colleagues when riding on routes inspecting trips with members of the Highway Commission in a county conveyance.

If the Supervisors ride with the commissioners the latter can charge expenses, but the Supervisors cannot. If they themselves the charge for operating the machine cannot be charged against the county, the riders must pay the expense and remain content with the mileage.

Mr. Shaw quotes from sub-division No. 14, Section No. 431, of the Political Code, which provides for "mileage at the rate of 10 cents for each mile actually traveled by them in the discharge of their duties, either as road commissioners, or Supervisors." He also recites a number of cases bearing the subject in which the principle announced is upheld.

"For the foregoing reasons," says Mr. Shaw, "we are of the opinion that the members of the Board of Supervisors of this county are entitled to collect mileage for travel by them, although they do not pay the expense of such travel, and as far as this point is concerned, it is immaterial who does pay the expense thereof."

It has been the practice of the members of the Highway Commission or the Highway Commissioners or for the Sheriff when they desired to make a trip of inspection.

Hereafter, it is hinted, there will be a deputy sheriff in one auto and a deputy sheriff in the other. They will kindly look out for the expenses.

# COME AT EASE, MEAN TO STAY.

Settlers in Leisurely Way Enjoy Stop-overs.

Travel in Pullman Style at Colonist Rates.

Men of Means With Families and Furniture.

NO HURRY.

No fewer than 1300 people, with colonist tickets, came into Los Angeles yesterday.

Most of them intend to stay. A large number brought their furniture with them. They are not going back. They have had enough of the East and its blizzards, and from now on will revel in the sun and the fruits of Southern California.

It is conservatively estimated by the Southern Pacific, Santa F and Salt Lake railroad officials that together they have brought in 6000 people since the cheap rates went into effect. The last few days the average has been about 1300 a day.

In previous years there was a great rush to get into Los Angeles during the first days the cheap rates were in force. The easterners are wiser this year. They know they have several weeks in which to enjoy the liberal discounts made by the railroads, and they are stopping over en route. They realize that when they get to the sun-kissed land nothing will be able to drag them away from it, and they are taking advantage of the privileges which go with their tickets to view the land and cities en route.

In other words they are doing the transcontinental journey leisurely, in Pullman style at colonist rates. It's the wise way.

And these easy coming people are the right kind. Most of them have not only money, but something which is just as valuable from a California point of view: they have families. That's the kind of newcomers Southern California wants—the comfortably well off with good quiver, the kind that President Roosevelt so well lauds.

Moreover these settlers are well posted. They have been reading Chamber of Commerce and other literature all through their cold Eastern winter and they know which part of the country is good to raise oranges and which is best for alfalfa. Many of them have, while on the train, thought of the region they would like to "put out" first. They don't stay around the city any too long, too, for that is from the point of view of their purses, but hasten to the district they have dreamed of as affording a home where they can have a little farm with California's bright sun to ripen their crops two or three times a year and the gracious blue sky to be above them from year's end to year's end.

Those of them who are looking around in the same way that they made the trip—leisurely and with stop-overs—are filling up the apartment houses and taking down the "for rent" signs from houses which became vacant during the winter.

**RUSH FOR APARTMENTS.**

As indicating the way in which this class of dwellings is filling up, the manager of a new apartment house reports that every one of the eighteen suites in his building has been taken during the last few days and the occupants, save two, are all strangers. As the apartments rent for \$25 to \$30 a month, it can be seen that the newcomers are people with nest eggs who will aid in the development of Southern California and prove in every way desirable citizens.

And then, right on top of the usual spring incoming of settlers, will follow the people who will be attracted here by the presence at the ports of Los Angeles of the great battleship fleet. During the rest of this month and the first half or so of April the railroads expect to do considerably more business than they have done in a similar period of any preceding year. They are making preparations to handle the biggest throng that ever came to California of the South.

Of course the heaviest travel attracted by the fleet will come west of the Rocky Mountains, but it is already certain that the Middle West will send its thousands next month. Railroad agents throughout that vast section are already making special bookings and they say there is a surprising call for berths from as far East as the Mississippi Valley.

The problem confronting the railroad officials at present is the exact time of the arrival of the war vessels. They can only approximate the date. Considerable advertising is being done in newspapers and magazines in the central portion of the United States and the railroads are preparing to handle the greatest rush in their history.

Local hotels are also making special arrangements to take care of the great numbers of guests expected. The same thing is true at San Diego. The Los Angeles representative of Hotel Coronado stated yesterday that for the first time in three years the annex of that hotel will be opened, and moreover the management is preparing 200 tent houses to care for the crowds expected. Reservations of rooms are many.

Tourists now in Los Angeles have realized the importance of finding homes near the sea, and are rapidly engaging the summer cottages along the strand in anticipation of seeing the fleet from their front windows.

The coming big naval demonstration here has caused another curious situation in the railroad offices. Bookings east, which had been arranged for the present time and for next month, have in many instances been cancelled entirely or postponed until after the fleet festivities. Instead of the usual big spring traffic East the railroads save the travel that way is only a trifle above normal.

**CAR STEP BREAKS MAN'S LEG.**

While attempting to board a rapidly-moving car of the Eagle Rock line yesterday afternoon, William Bryson, 44 years of age, who lives on Eagle Rock avenue, was severely injured. He signalled the car at Main and Broadway streets. It was going at a good rate of speed and as the motorman gave no sign of stopping it, Bryson stepped close in the hope of swinging on. The step hit him, breaking his right leg. He was attended by Police Sergeant Tanner at the Receiving Hospital.

**PAINFULLY BURNED.**

Richard Cantley, 17 years of age, of No. 921 East Twelfth street, was painfully burned yesterday, in the explosion of a blow post at the Metal Device Manufacturing Company's plant at No. 1112 San Pedro street. The blow post is an apparatus for heating instruments. It is fed by gasoline and throws a hot flame. The one Cantley was manipulating exploded and the lad was burned about the face and hands.

# SOLID Silverware Reduced

It's due to market conditions. Silver bullion took a sudden price shrinkage—and now we're going to follow suit with our solid silverware. It means some surprising values—for our regular prices are recognized as the lowest in the city for high grade silverware. And with the price reductions now in force—prices are considerably lower than they have been in many a day.

There's no question about the economy of buying now—even in anticipation of future needs—for it's very seldom that solid silverware of such distinctive character and high quality is offered at a reduction.

**Solid Silver Bon Bon Set \$8.00**

The design is beautiful—artistic to a degree. The bon bon set is hand-placed. The tongs are of sterling. It's a very work of art. It's considerably underpriced at \$8.00.

**Solid Silver Berry Bowl \$20**

It's a large exquisite piece that would add richness and elegance to any table. The design is a very work of art. It's considerably underpriced at \$20.00.

Suits For Young Men

Our Spring showing of Single and Double Breasted Suits for Young Men of from fourteen to twenty years is the finest we have ever assembled.

Garments include not only conservative styles, but a choice selection of clever novelty suits that will appeal to smart dressers.

These styles are Single and Double Breasted Two button Suits in soft stripes effects—brown and the new "Elephant's Breath" shade.

Coats have the long rolling lapels, soft shoulders, fancy flap pockets and other smart individual details of cut and finish.

These are just the garments for "Prep" School and College Men. Come in and see them.

Clever new ideas in Spring Hats, Caps, Shoes and Toggery for Young Men.

Yesterday's express brought a tremendous variety of faultlessly tailored suits for women.

Boys' Coat Suits

Specialty Priced for Today

\$6.50 for our regular \$7.50, \$8.50 and \$10 suits.

\$4 for our regular \$5 to \$6.50 suits.

Single and double-breasted styles, in 8 to 16-year sizes.

All fresh, new stock—not a season-old garment in the lot.

Strictly high-class materials and exceptionally well tailored.

Hand-made Toggery for the Toddlers

Hand-made garments that will meet the fondest hopes of the most extravagantly inclined—indiscribably beautiful creations that few women, with any amount of time at their disposal, could excel.

Of course, some of them are rather costly; but, considering the amount of hand-work on them, all are priced surprisingly low.

Infants' slips at \$1.25 to \$1.50.

Cambrie and Nainsook gowns, \$1.25 to \$4.50.

Flannel and Flannelette gowns, 50c to \$3.50.

March Sale---High Grade Black Silks

A special chance to get what pretty nearly every woman needs! If we were to go into the market and choose silks to sell at the regular rates, we could not get better qualities than you may buy at the following special prices now:

First, three world-famous black taffeta makers contribute to the selling—Moneybak, Stirling and Haskell silks, all 36 inches wide, and absolutely guaranteed for satisfactory wear—\$2.25 Moneybak at \$1.50 a yard; \$2.25 Stirling at \$1.50 a yard, and \$2.00 Haskell at \$1.75 a yard.

Now for less expensive—yet no less good in their class—

THREE 19-INCH BLACK SILKS:

Taffetas of 75c and 85c grades at 50c and 60c; peau de sole of 85c grade at 55c.

FIVE 21-INCH BLACK SILKS:

Taffeta of 85c grade at 70c; peau de sole of \$1.25 grade at 85c; two numbers of strong Swiss taffetas of \$1 and \$1.25 grades at 75c and 85c; and a fine peau de cygne of \$1.25 grade at 95c.

24 AND 26-INCH BLACK SILKS:

A 24-inch black peau de sole of \$1.50 grade for \$1.20; a 26-inch black Swiss taffeta of \$1.25 grade at \$1.00.

A 34-INCH BLACK SILK:

An extra good Swiss taffeta of \$1.25 grade for 85c; a very sharp reduction.

SIX 36-INCH BLACK SILKS:

Two heavy black taffetas of \$1.65 and \$1.75 grades for \$1.30 and \$1.40; two black peaux de sole of \$2 and \$2.25 grades for \$1.75 and \$1.85; and two black peaux de cygne of \$2 and \$1.75 grades for \$1.75 and \$1.50 a yard. A number of these silks are shown in a Broadway window; there are many others which do not even get newspaper mention, all of which are excellent values; and all of which are selected from clean, fresh, perfect stock.

Outing Flannel Garments

Many women clothe themselves and their children the year round in outing flannel garments for night wear. We're prepared to meet all demands for such garments, at modest prices.

Women's colored and fancy outing flannel gowns, 75c to \$2.

Women's plain white outing flannel gowns, \$1.25 to \$2.50.

Children's colored and fancy outing flannel gowns, 75c to \$1.25.

Children's plain white outing flannel gowns, 75c to \$1.50.

Children's outing flannel pajamas, and women's and children's outing flannel shirts—either plain or embroidered.

Litigator Lode Mining Claim  
Litigator Fraction Lode Claim  
Commercial Lode Mining Claim  
Commodore Lode Mining Claim

A compact group of 65 acres. Adjoins ground of Rawhide Queen Mining Company and Rawhide Consolidated Mines Company. Shares of both selling above par. Six feet of \$200 ore opened up in Queen Mine adjoining. Workings of Kearns Lease and Murray Lease, the two bonanza producers of the camp, within 300 feet of Litigator Claim of this group. A vein of 100 ft. is opened on the Litigator Claim that is pronounced by engineers the best feature in the entire camp, bar none. Property now under active development. Assays from \$17 to \$80 readily obtained from company's workings in shallow shaft. Vein 6 to 10 feet wide. Ground believed to be as choice as any in the district. Is strictly "in-situ" territory. Occupies the same relative position to the Queen and Consolidated properties as do the Florence and Combination to the Mohawk of Goldfield. Under the wise management of J. G. Flynn, who opened up the bonanza Mohawk vein for the MOHAWK MINING COMPANY of Goldfield, that has produced millions, and later became manager of the Combination mine and mill of Goldfield, the steady producer and dividend payer of the district. An early seasonal production may be looked for.

Report of Mine Manager and Consulting Engineer

RAWHIDE, NEV., February 17, 1908.  
To the President and Directors of the Balloon Hill Mining Company:

In pursuance of your request, I hereby submit a preliminary report of the Balloon Hill mining property.

CLAIMS—The property consists of three full claims and one fraction, namely, the Litigator, Commercial and Commodore and Litigator Fraction, the total acreage being 72 acres.

LOCATION—The property is located on the northeast slope of Balloon Hill, in the Rawhide Mining District. It adjoins the Rawhide Consolidated Mines Company on the south, the Balloon and Balloon Fraction and the March Rose on the west, the Crystal group on the north and the Rawhide Reward on the east.

WORK DONE—A shaft is being sunk on the Litigator claim and is now down to a depth of about 20 feet, and I have been doing prospecting work and trenching on the surface of the Commercial and the Commercial preparatory to sinking a working shaft to develop these two claims. On the Balloon, March Rose and Balloon Fraction there are 18 leases working and of these 18 there are 10 that are in ore of a good grade. These are on veins that are running into the property of the Balloon Hill Mining Company. On the third claim of the Rawhide Consolidated, adjoining your property on the north, there are 12 leases, including the famous Murray lease. This lease is within 600 feet of the shaft being sunk on the Litigator claim, and is in ore clear across their shaft, running \$200 to the ton. The Kearns lease on the Balloon claim has a shaft down 80 feet and they are now crosscutting the ledge and have 3 feet of ore of a very high grade, and have not yet reached either wall. As above stated the shaft on the Litigator claim is down 20 feet, and the assays taken from time to time run from \$14 to \$80, taken clear across the vein.

GEOLOGY—The country is porphyry and rhyolite, with several systems of veins crosscutting the formation. The vein material is an altered andesite and dacite. The vein so far opened on your property is the Kearns vein, striking in an easterly and westerly direction, and is traced across the Balloon claim, the March Rose, the D. and E. and Litigator claims a distance of 2000 feet. Parallel to this is the Howard vein, which can be traced for nearly the same distance and goes across the north end of the Litigator claim, and striking in a northerly and southerly direction is the main contact vein, which is a contact between the porphyry and rhyolite, and traverses lengthwise of the March Rose, crosses the side line of the Balloon, crosses the side line of the Diabase and continues on through the Commercial claim. This vein is opened by several leases on the Balloon and March Rose claims. Parallel to this and about 500 feet from it is the Pike vein. This strikes lengthwise through the March Rose and Missouri Fraction, crosses north through the Litigator Fraction and Commercial claim, and is opened up by 4 leases on the Balloon and Missouri Fraction, and is one of the most pronounced and defined veins in the district.

VALUES—As above stated, in the shaft of the Litigator claim the assays run from \$14 to \$80, and very rich pieces of float are found all over the surface. Pannings taken from the outcrop of the Pike vein which traverses the Commercial and Litigator Fraction, give very rich pannings in free gold, and I am expecting to have enough surface prospecting done in a few days to locate an ore-shoot in this ledge. The contact vein has been unexplored, but is very likely looking.

RECOMMENDATIONS—Since I have been in camp, I have received many applications for leases on your property, and would advise the survey into blocks of 200 feet each, and leasing alternate blocks. This method will insure you a thorough and complete prospecting of your ground, and at the same time you will have the major portion of the ground developed and intact at the expiration of the leases.

I would further advise a continuance of the shaft on the Litigator claim and the installation as soon as possible of a power hoist and other equipment necessary to economical mining.

In conclusion, I consider your property one of the best located in the camp, and the surface showing is very encouraging.

Respectfully submitted,  
J. G. FLYNN, E. E.

TREASURY OFFERING AT 25 CENTS PER SHARE

We have underwritten 200,000 shares of the capital stock of this company at 25 cents. This is offered for public subscription. Applications for listing the stock on the leading Exchanges of the country will be made immediately after these shares are subscribed. We predict a more active market on the Exchanges for this issue, at a big premium over the subscription price, than that has in recent years greeted any other low-priced mining security. We expect the issue to be subscribed three times over. Reservations should be wired. Remittances in full to cover should follow by first mail. First come first served. Stock will be supplied as long as it lasts.

THE MARKETS

LOCAL PRODUCE MARKET

Several weeks ago the market for local produce was in a state of confusion. Prices were high and the supply was short. But now, after a period of adjustment, the market has settled down. Prices are more stable and the supply is more abundant. This is a good sign for consumers and producers alike.

## THE CITY IN BRIEF

## The wise men of the East.

## NEWS AND BUSINESS.

## Bethlehem Donations.

An "Unknown Friend" sent \$1 for Bethlehem Institution yesterday, and it was delivered, together with the Holywood donation, to Superintendent Bartlett.

## Valuable Collie Poisoned.

"Helen," a valuable Collie belonging to Mrs. Frank L. Orr of No. 1145 West Forty-first street, was found poisoned in the yard at the Orr residence yesterday morning.

## Week to Speak.

At the meeting of the Los Angeles Credit Men's Association, to be held at Levy's this evening, Charles E. Meek, secretary of the national organization, will be among the speakers.

## He Has Assets.

Charles H. George, a real estate man of this city, filed a voluntary petition in bankruptcy in the United States District Court, yesterday. His stated liabilities are \$154, and assets \$250.

## Good Photograph.

The splendid photograph of the Republican benediction Saturday night, printed in The Times on Sunday was a masterpiece by G. L. Prince, whose expert work attracts considerable attention.

## Ninth Ward Smoker.

At 8 o'clock this evening at No. 2114 East First street, the Ninth Ward Improvement Association will elect officers and listen to the annual report. After the business session there will be a smoker and general good time.

## Massachusetts Spellers.

The members of the Massachusetts Society had an old-fashioned spelling match last night. Sides were drawn and the participants stood in line until "spelled down." The contest resulted in a draw between Mrs. S. P. Wheeler and A. Sisson.

## Postoffice Statistics.

The first week in March shows an increase in business of 24 per cent. over the corresponding period of last year in the money order department of the postoffice. For the week ending March 7, there were 18,971 orders, amounting to \$1,022,111. For the first week in March, 1927, there were 11,400 orders, amounting to \$118,773.

## Independent Order B'nai B'rith.

An open meeting of Los Angeles lodge No. 47, Independent Order B'nai B'rith, will be held at 8 o'clock at No. 121 West Pico street. Dr. Levin, a well-known authority on subjects pertaining to Jewish history, will read a paper on "Modern Education and the Jew." An excellent musical program has been prepared.

## Local Merchants First.

F. J. Zschandner, secretary of the Merchants' and Manufacturers' Association, expects before the supervisors yesterday and asked them, in the purchase of county supplies, to favor, as far as possible, goods made in this city and elsewhere in California. He was assured that this policy will be followed as far as possible in the future.

## To Try Him North.

United States Marshal Youngworth started North yesterday afternoon to take James Nash, a Federal prisoner, to San Francisco. Nash, alias McCann, is charged with robbing the postoffice at Compton. He was arrested at Fresno, but the United States authorities decided to try him in the northern district instead of in the local Federal court.

## Buried Last Found.

W. Fentmeyer of No. 447 Towne avenue took a box of stolen property to the Police Station last night, which was unearthed by children at Sixth and San Pedro streets yesterday afternoon. It consisted of clothing and jewelry, valued at \$100, which was stolen Saturday night from the residence of F. C. Jarvis, No. 516 Bixel street. It had been buried in a small box behind a billboard.

## Strenuous Mission.

The Scandinavian corps of the Salvation Army assumes that St. Capt. E. O. Enswall is "coming to Los Angeles to fight the devil." He will begin a four-day campaign in the headquarters of the corps, No. 514 West Eighth street, on Wednesday, and will close with the "dedication of a baby," on Sunday. Methodist Minister Charles Church will cooperate with the corps in the services of Saturday.

## Socialist-Prohibition Debate.

A debate will be held tonight at No. 1214 South Park avenue, under the auspices of the Sixth Ward Prohibition Club. W. C. Bowman, a Socialist, will debate with R. E. Blight, a Prohibitionist. The question is "Resolved, that the success of the Socialist party would solve the liquor question more effectively than the success of the Prohibition party." Thomas E. Kane will be chairman of the meeting.

## Reds Threaten the Chief.

Another "Black Hand" letter from the Reds reached Chief of Police Kern yesterday, but not until it had been opened by C. B. Badger of Kern City, Kern county. Badger is a candidate for Sheriff of Kern City and was much exercised. He turned the letter over to the Sheriff, and then it was discovered that it was addressed to Chief Kern. Badger explained in a letter to Kern how he happened to open it. On the paper was a drawing of a hand and a stick. The inscription read: "The hand on this paper is going to kill you before the first of next month."

## BREVITIES.

Meyer Soars, Avenue de l'Opera, Paris, hats and waists, have the honor to inform that they placed for sale a small but exquisite sample line of their Parisian hand-made waists with Mrs. Kruseman, milliner, 1202 Pico street, corner Rich. It is well known that Mrs. Kruseman has an exclusive millinery business, the making only to order either for general wear or to match gowns and dresses. Her long time European experience on order work, makes that this particular line is so familiar for her, that she takes all responsibility, so that ladies order-

ing do not run any risk whatever, but have nothing but advantages. Her direct Parisian connection is the reason that she is always thoroughly posted about the latest and best, but not least; as Mrs. Kruseman has no display to make, she avoids costly downtown expenses, and logically can be and is always reasonable, charging only according to quality and quantity of materials used and always by only first-class work done. Order work includes entirely new hats, work of your own materials and rettriming.

Sunday Real Estate. Classified real estate advertisements for insertion in THE SUNDAY TIMES must be in the office not later than 10:30 Saturday night. Other "want" advertisements for Sunday insertion taken over the counter until 11:30 p.m. The great volume of liners printed in The Sunday Times numbering regularly over 5000 separate announcements, makes this regulation absolutely necessary in order to get the big Sunday issue out on time.

The New Fashion shop for ladies, the Knickerbocker, opened its doors yesterday at 549 South Broadway. From early morning till evening the store was filled with women selecting the newest in ladies' wear. Manager R. M. Brown had the store tastefully decorated. There was music and souvenirs.

A ten-year, gold-filled frame with first-quality crystal lenses properly fitted to your eyes and guaranteed to be satisfactory, for only \$12. Others charge you \$25 to \$30 for the same kind. State registered optician. Consultation free. Clark's Optical Parlors, 511 S. Spring, opposite Union Bank Bldg. We are offering the best bargains in good shoes in town come in and make us prove it. A. J. Hamilton & Son, 511 S. Broadway.

Levi's Single Binder, the famous straight strap, made in the U.S.A. Pure also silk auto and rain coats at D. Bonoff, furrier, 234 S. Broadway. Model-fitting patterns cut to your measure. Rosenblatt's, 1289 W. 7th. Do not let the grocery quotations of Newberry's.
